Reason for Allowance

1. Claims 1-19 are allowed over prior art.
2. The following is an examiner's statement of reasons for allowance: Applicant has submitted a terminal disclaimer, which overcomes the previous double-patenting rejection. As indicated in the previous office action, claims 6-19 contain allowable subject matter.

Although the combined prior art discloses a routing data in a switching network whereby the architecture includes plurality of line units, interface modules which include plurality of interface units and DTMF detectors wherein information is transferred in two directions and switching data between line units they fail to teach/suggest a switching unit that includes a bi-directional TDM PCM line unit which includes an assembly switching network module for switching data packets over a PCM interface, and DTMF acknowledgement, a conversion unit that includes an evaluation unit, which produces evaluation results for routing information, volatile memory containing first/second sub-area used for storing logical network identifiers for identifying data network interface and communication device connected to a LAN, and optical display.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Prenell P. Jones whose telephone number is 571-272-3180. The examiner can normally be reached on 9:00-5:30.
